

CORPORATE LEADERSHIP AWARD

Medical Mutual and Mutual Health Services

Supporting their communities and their customers is important to **Medical Mutual and Mutual Health Services**. The companies have a long-standing commitment to provide support through volunteerism, philanthropy and community partnerships.

Each year, Medical Mutual and Mutual Health Services give to hundreds of civic, educational and cultural organizations and a variety of health and human services programs. Medical Mutual and Mutual Health Services made more than 350 donations to Summit County organizations last year.

With executives serving in active roles with more than 30 North Central Ohio organizations including Victim Assistance Program, Habitat for Humanity of Summit County, and the Summit Education Initiative, the companies take a leadership position in helping to improve the community they serve.

Beyond the financial contributions, the heart of their community support lies in the more than 1,200 employees who volunteer thousands of hours every year through the “SHARE” program, which stands for Serve, Help, Aid, Reach and Educate. The companies have donated both time and funding to Akron Make-A-Wish® Walk for Wishes®, Junior Achievement®, Akron Children’s Hospital “Have a Heart, Do Your Part” Radiothon, and the Akron-Canton Regional Foodbank.

Medical Mutual and Mutual Health Services continue to support communities throughout North Central Ohio, demonstrated through keeping their commitment to corporate giving and dedicated efforts from both employee volunteers and executive leadership.
